**PETITIONING THE COURT**

To incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court on 08/30/2024.

On July 15, 2024, a probation officer reviewed the conditions of supervision with Mr. Brown. He signed a copy of his judgment acknowledging an understanding of his conditions.

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

3	<b><u>Special Condition #3</u></b> : You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from the substances.
---	---

**Supporting Evidence**: It is alleged that Mr. Brown violated the above condition by consuming marijuana on or about October 14, 2024, as evidenced by a lab-confirmed positive urinalysis test.

On October 14, 2024, Mr. Brown submitted to a random urinalysis test conducted by Pioneer Human Services. The results of Mr. Brown's sample were presumptive positive for THC/marijuana. Mr. Brown signed a denial of use form, and the sample was sent to the national testing lab for confirmation.

**Re: Brown, Quinton A.**

**October 21, 2024**

**Page 2**

On October 15, 2024, Mr. Brown met with this officer in the Spokane office. He continued to deny use, but reported he used another person's "vape" that he later learned may have contained a CBD and/or THC product.

On October 19, 2024, the lab reported a confirmed positive for THC in Mr. Brown's sample. These results were transmitted to this officer on October 21, 2024.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on: October 21, 2024
